

Industrial Water 2018, 27 - 30 November 2018 DECHEMA-Haus, Frankfurt/Main, Germany

Call for papers submission extended to 26 March 2018!

At the request of many interested parties from industry and research we have decided to extend the paper submission for [Industrial Water 2018](#) until 26 March 2018.

Industrial Water - International Conference & Exhibition is the platform for all experts in industrial water management: from applied research, technology development, application - solution providers and industrial water users. Industrial Water is hosted by [DECHEMA](#) the hub of an interdisciplinary network for industrial water management, with support of [IWA](#) and their Specialist Group on Pretreatment of Industrial Wastewaters; [DGMT](#), [VDMA](#), [SPIRE](#), [SusChem](#), [WssTP](#) and other key organizations.

Your opportunities to participate are manifold:

- Submit your application and development focused [papers to the congress until 26 March 2018](#)
- Become visible by [presenting your technology solutions and services in the accompanying exhibition](#) to an application-oriented audience
- [Promote your company as sponsor of Industrial Water 2018](#)

The conference and exhibition address all relevant topics along the industrial water value chains: from raw water to waste water treatment; from sensing to digitization in industrial water management; from alternative water resources to zero liquid discharge and integrated management.

Submit your contribution through the following link until 26 March 2018:

www.industrial-water.org

The Industrial Water 2018 committee is looking forward to your contributions!
